

Notice of Intent (NOI) NPDES General Permit for Vehicle Wash Water Discharges SCG750000

Submission of this Notice of Intent constitutes notice that the party identified in Section I of this form intends to be authorized by an NPDES permit issued for Vehicle Wash Water discharges in a State location identified in Section I of this form. Becoming a permittee obligates such a discharge to comply with all terms and conditions of the permit. ALL NECESSARY INFORMATION MUST BE INCLUDED WITH THIS FORM. AN ANNUAL OPERATING FEE OF \$100 IS REQUIRED FOR COVERAGE UNDER THIS PERMIT. See Instructions.

I. Facility/Operator Information

Name of Facility: _____
 Facility Site Address: _____
 City: _____ State: _____ County: _____ ZIP: _____
 Operator Name: _____ Phone: _____
 Operator Address: _____
 City: _____ State: _____ ZIP: _____ Operator Status: _____

II. Facility Contact Information

Contact Name: _____ Phone: _____
 Contact Title: _____
 Mailing Address: _____
 City: _____ State: _____ ZIP: _____

III. Site and Discharge Information

- A. SIC or Activity Codes: Primary: _____ 2nd: _____ 3rd: _____ 4th: _____
 (The SIC code for vehicle washing activities is 7542. Please list any other SIC codes applicable to your facility.)
- B. Does the facility currently have Vehicle Wash Water General Permit coverage? Yes, SCG75 No
- C. List any other NPDES or ND Permit numbers for the facility: SC _____ SC _____ ND _____
- D. List the type of discharge, the flow (in gallons per day), the latitude and longitude (to the nearest 15 seconds), and the name of the receiving water to which the discharge flows.

Discharge Type	Flow (gpd)	Latitude			Longitude			Receiving Waters
		Deg	Min	Sec	Deg	Min	Sec	

- E. Describe the type of facility applying for coverage. For example: car rental agency, car dealership, fleet operations, etc.

- F. Describe the discharge flow path from the point it exits the system to the point it enters the receiving water (attach a separate sheet if more space is needed). Please note, if applicable, that easements have been obtained for any conveyances of the discharge not on property of the permittee which are not waters of the State.

- G. Locate the facility and the discharge on a U.S. Geological Survey 7½ minute quad sheet. An 8½ x 11 copy of the portion of the map with the facility and the discharge identified should be submitted with this NOI.

H. For the discharge described in D above, please provide concentrations of the following parameters and indicate whether the data is based on actual sampling results or, if estimated, a source of the estimated value. Data must be representative of the facility's current operation. The average daily value is typically based on an average of the last 365 days of data.

Parameter	Maximum Daily Value (include units)	Average Daily Value (include units)	Number of Samples (if based on actual data)	Source of Estimate or Actual Data
Total Suspended Solids (TSS)				
Oil and Grease (O&G)				
pH (give high and low in range)				
Surfactants				

I. Are you required to submit a BMP plan summary with this NOI? Yes, attach summary to NOI No

J. Describe your sludge disposal method.

- No sludge generated.
- Lagoon or other facility with no routine sludge disposal.
- Disposal at an approved facility, such as a landfill or wastewater treatment facility. Attach letter of approval from the receiving facility.
- Disposal by land application. Indicate ND number, Construction Permit number or other approval by the Department.

Other. Describe:

K. List all cleansers and chemicals used in the washing of vehicles. Attach a Material Safety Data Sheet (MSDS) for each product used.

L. Use the space below to bring to the Department's attention any additional information you feel should be considered in the permit decision. Attach an additional sheet if necessary.

IV. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information including the possibility of fine and imprisonment for knowing violations.

Print Name: _____ Title: _____

Signature: _____ Date: _____
(MM/DD/YYYY)

INSTRUCTIONS

Notice Of Intent (NOI) For Vehicle Wash Water Discharges To Be Covered Under the NPDES General Permit SCG75000

Who Must File A Notice of Intent (NOI) Form.

Federal law at 40 CFR Part 122 prohibits point source discharges to a water body(ies) of the U.S. without a National Pollutant Discharge Elimination System (NPDES) permit. The operator of a facility that has vehicle wash water discharges must submit a NOI to obtain coverage under the NPDES General Permit for Vehicle Wash Water Discharges. If you have questions about whether you need a permit under the NPDES Program, or if you need information as to whether a particular program is administered by EPA or a state agency, contact S.C. DHEC at (803) 898-4300.

Where To File NOI Form.

NOIs must be sent to the following address:

SC Department of Health & Environmental Control
Bureau of Water/NPDES Permit Administration
2600 Bull Street
Columbia, SC 29201-1797

Completing the Form

You must type or print all information. If you have any questions on this form, call S.C. DHEC at (803) 898-4300.

Revisions to a previously-submitted NOI

If there are only changes in name, address, or facility contact person, only Sections I, II and IV of the NOI are required to be completed. The entire NOI should be completed for changes in discharge(s) or discharge characteristics.

Fees

The annual NPDES administration fee of \$100 is required to be submitted with the NOI for coverage of a new facility. The fee applies only to those facilities required to sample as identified below in Part III.H. Make check payable to S.C. DHEC and attach to NOI.

Section I: Facility/Operator Information.

Give the legal name and physical address of the facility to be permitted, including city, state, zip and county. If the facility lacks a street address, indicate the state or county Highway number, the nearest town or city, or the quarter section, township, and range (to the nearest quarter section) of the approximate center of the site.

Give the legal name of the person, firm, public organization, or any other entity that operates the facility or site described in this application. The name of the operator may or may not be the same name as the facility. The operator of the facility is the legal entity which controls the facility's operation, rather than the plant or site manager. Do not use a colloquial name. Enter the complete address and telephone number of the operator.

Operator Status: Enter the appropriate letter to indicate the legal ownership status of the facility.

F = Federal M = Public (other than federal or state)
S = State P = Private

Section II: Facility Contact Information

Enter the name, title and complete address and phone number of the person who is familiar with the operation of the facility and with the facts reported in this NOI and to whom all permitting correspondence should be sent.

Section III: Site and Discharge Information.

A. List the four 4-digit standard industrial classification (SIC) codes that best describes the principal services provided at the facility or site identified in Section I.

B. Indicate whether the facility is currently covered by the Vehicle Wash Water General Permit and give the permit number, if applicable.

C. List any other NPDES or ND (land application) permits issued for the facility, if applicable.

D. List the discharge for which coverage is sought. Actual or estimated flow data should be included for the discharge. If coverage is sought for more than one discharge of the same type, please note that the discharges are distinct. If more space is needed, attach a separate sheet. The Vehicle Wash Water General Permit limits the discharge to 10,000 gallons per day of wash water.

Give the latitude and longitude (to the nearest 15 seconds) for each discharge and the name of the receiving waters. Name all waters to which discharge is made and which flow into significant receiving waters. For example, if the discharge is made to a ditch which flows into an unnamed tributary which in turn flows into a named river, you should provide the name or description (if no name is available) of the ditch, the tributary and the river.

E. Describe the type of facility applying for coverage.

F. Describe the discharge flow path.

G. Provide an 8½x 11 copy of the applicable portion of a US Geological Survey 7½ minute quad map locating the facility and discharge point(s). The quad sheet name must be provided with the map.

H. Sampling data is required to characterize the discharge to be covered by the general permit. The following types of facilities are not required to conduct sampling for the purposes of this NOI:

1. Mobile Washers;
2. Any facility which generates less than 1,000 gallons per day;
3. Charitable organizations conducting one-time car washes for fundraising purposes;
4. Golf courses that discharge to the land; and
5. 100% recycle wash water systems.

I. Your facility is required to submit a BMP plan summary if you have ancillary industrial activities and use, store, manufacture, handle or discharge any pollutant listed as toxic under section 307(a) of the Clean Water Act (CWA) or any pollutant listed as hazardous under section 311 of the CWA. These discharges are subject to the requirements of this part for all activities which may result in significant amounts of those pollutants reaching waters of the State. If this is not applicable to your facility, check "No".

J. Describe your facility's sludge disposal.

K. List all cleansers and chemicals used when washing vehicles. Attach a Material Safety Data Sheet (MSDS) for each product used.

L. Provide any other relevant information.

Section IV: Certification

Please print the name and title of the authorized person and sign and date in accordance with the following:

Federal statutes provide for severe penalties for submitting false information on this application form. Federal regulations require this application to be signed as follows:

For a corporation: by a responsible corporate officer, which means: (i) president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision making functions, or (ii) the manager of one or more manufacturing, production, or operating facilities employing more than 250 persons or having gross annual sales or expenditures exceeding \$25 million (in second-quarter 1980). If authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures.

For a partnership or sole proprietorship by a general partner or the proprietor; or

For a municipality, State, Federal, or other public facility: by either a principal executive officer or ranking elected official.

Paperwork Reduction Act Notice

Public reporting burden for this application is estimated to average 1.5 hours per application, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate, any other aspect of the collection of information, or suggestions for improving this form, including any suggestions which may increase or reduce this burden to: Manager, Federal Energy, Pre-Treatment Permitting Section, Bureau of Water, S.C. Dept. of Health & Environmental Control, 2600 Bull Street, Columbia, SC 29201-1797.
