***Services that are 400 amps or less will use self-contained metering.**

H. Estimated Peak Demand* _____

I. Load Data Preparer: _____ Signature: _____

J. (Title): _____ Date: _____ Phone: _____

Mailing Address: _____

Email Address: _____

Any changes in the electrical loads that necessitate reordering of equipment by the City may result in additional charges by the City, and/or may result in an extended date for service.

If requested, the City will furnish an estimated peak demand based on the information above, but the customer is advised that the contract demand is based solely on this estimated peak demand and that the customer is liable to pay a one-half of this contract demand as a billing demand for the life of the service.
