

CRIME WATCH

# IT'S MORE THAN JUST SIGNS!

True, the signs are a part of it, but the biggest part of a Neighborhood Crime Watch is knowing when something isn't right at your neighbors' home. It's talking to your neighbors. It's noticing vehicles or foot traffic that you've never seen before. It's having regular neighborhood meeting and staying in touch. It's neighbors looking out for neighbors.

A

CRIME

WATCH

NEIGHBORHOOD EMPOWERMENT

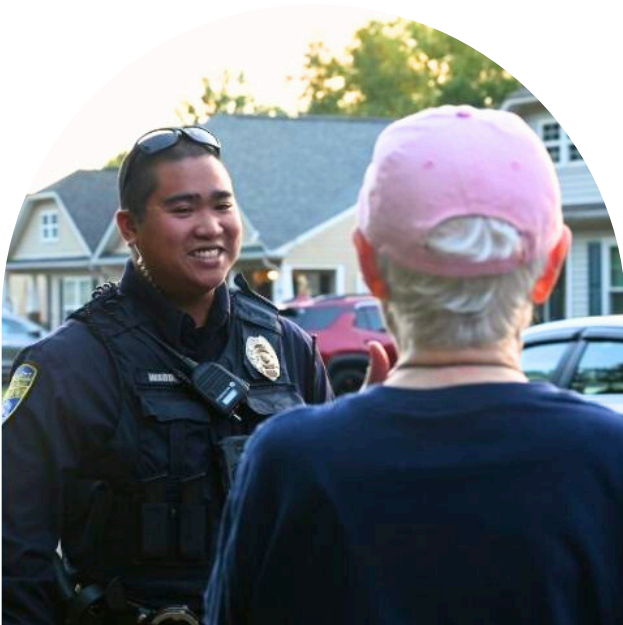

WHAT

YOU

CAN DO

**ONE OF THE BEST WAYS TO FIGHT CRIME IN YOUR NEIGHBORHOOD IS WITH A CRIME WATCH.**

Neighborhood Empowerment can arrange for Rock Hill Patrol Officers to attend your scheduled meetings to go over the Crime Reports specific to your neighborhood.

# TIPS FOR HOME SAFETY

## SAFETY TIP #1

Install timers on lights and install outdoor lighting. Motion sensor and photoelectric lights work well too.

## SAFETY TIP #2

Keep shrub canopies under 3 feet tall and tree canopies over 6ft tall to eliminate possible hiding places.

## SAFETY TIP #3

Avoid posting online or advertising when you will be out of town.

# WHAT WE DO

Neighborhood Empowerment can help you organize a Crime Watch in your neighborhood. Our office can also provide additional training like Neighborhood Leadership Training and Civics Classes to help prepare you as a neighborhood leader.
