

# How to EDIT your existing profile in Civic Rec (online registration program)

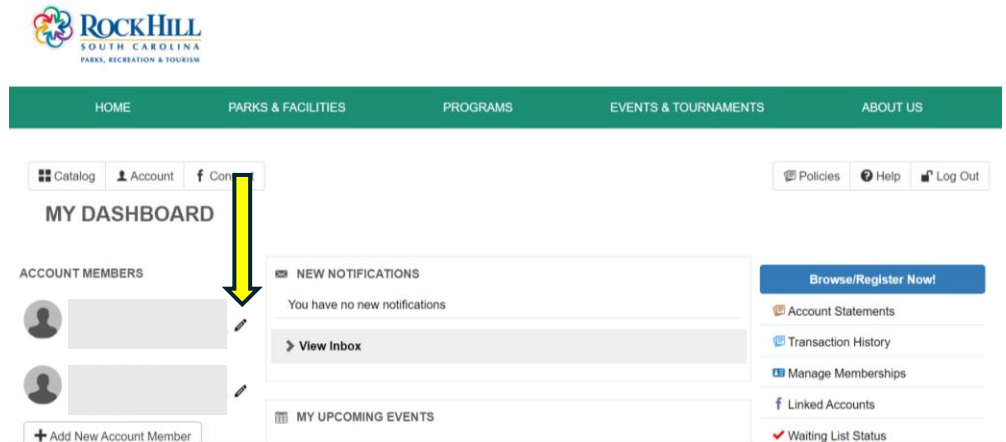

Text messages provide quick reminders about your upcoming classes and events with LL@RH.

To receive text messages, you need to make one small change in your Civic Rec account, if you have not already done so.

Follow these steps to give permission to receive text messages. As always, if you need assistance, contact staff.

1) Login to your existing Civic Rec account: [cityofrockhill.com/register](http://cityofrockhill.com/register)

This screen will appear:

2) Click on the tiny pencil next to your name to EDIT your information.

3) Verify your information. **Be sure to use a CELL phone number if you wish to receive text updates.**

4) Change this box to: **CAN** receive text messages. If more than one cell number is listed, make the change for each dropdown box.

5) Click **SAVE USER.**

**Congratulations!**

**You will now receive important reminders from LL@RH about your classes.**
